The Ubuntu Dialogues Internship Program is part of Ubuntu Dialogues: Museums and Communities Connect, an Andrew W. Mellon Foundation-funded partnership between the MSU African Studies Center and the Stellenbosch University Museum. It places current MSU students in museums and heritage sites in Cape Town, where they will learn about how South African communities and heritage institutions record and share historical memories. The internship program will be registered for 3 credits in the College of Social Science as SSC 439 A and will count towards the internship and minor requirement in SSC and as a qualifying course for the African Studies Minor. It includes pre-departure seminars, a May 2 - 19, 2020 Education Abroad experience in Cape Town, and a re-entry reflection. Priority will be given to underrepresented minority students, low income and/or first-generation students and those enrolled in museum studies, history and African and African American Study programs. Although participating graduate students will not earn course credit in the program, the intercultural learning experience and exposure to be gained in the South African museum/cultural heritage sector is invaluable. The Ubuntu Dialogues project provides support to cover up to \$3500 for each student participant's airfare, accommodation and living stipend.

More details about this program can be found at...
